	<b>Note</b>		Our prices are based on the annual subscription rate offered by Texas Education Agency and include individual CDs for each student PLUS access to our course on the Internet.					
			This allows states to pay for the cost of the textbooks over the period of the contact rather than all at once.					
			For grades 3-4-5 and 6-7-8, all three textbooks are included on 1 compact disk.					
			We can, if you would prefer, simply set a price for individual CDs without Internet access (see below).
